BOLTON ESTATES WASTEWATER PLANT IMPROVEMENT PROJECT

TO ALL PROSPECTIVE BIDDERS:

The following questions were submitted by potential vendors. Our answers are listed in **red** below:

Questions:

1. Are there any soil borings available for this site? These would help to determine the extent of dewatering and for the design of the sheeting/shoring for the tank installation.

No soil borings have been done on site.

2. What, if anything, is required for the abandonment of the existing sand filter system?

No additional requirements for the abandonment of the existing sand filter.
